SCORE Prize Finalist

For the second year in a row, Freedom Prep was recognized by the State Collaborative on Reforming Education (SCORE) as a leader in student learning. As a SCORE Prize finalist, Freedom Prep demonstrated success in preparing students for college and careers.

I have three children who attend Freedom Prep. I wanted my kids to be challenged and prepared. After hearing about Freedom Prep's curriculum and structure, **I knew this was the right place for my kids.**

- Michael Jones, FPA Parent

I send my child to FPA because I want her to go to college. I want my child to be someone in life. **She is going to get the opportunity, I never got.**

- Fanny Romero, FPA Parent

At Freedom Prep, college is not just a possibility for my daughter, but a reality.

- Lifoya Martin, FPA Parent

This is my grandson's first year. We decided to send him to Freedom Prep because it came **highly recommended by some retired teachers.** Based on their recommendations and what I've seen, my grandson is certainly returning next year.

- Tunya Currie, FPA Grandparent

I chose Freedom Prep because it is very clear the teachers care and there are high expectations that all Freedom Prep students must achieve - **no excuses.**

- Joyce Sipp, FPA Parent

My daughter has attended Freedom Prep for five years. I chose Freedom Prep because I wanted a school with structure and purpose. FPA's zero-tolerance policy for fighting and bullying is real and enforced. I feel that my daughter is not only learning and safe, but she's being prepared to succeed in college.

- JoAnn Evans, FPA Parent

I wanted to my child to have a better education. I wanted him to have a choice. Period.

- Wendy Malone-Ivy, FPA Parent
